### Settlers Freed of Debt Burden Under Alberta Farm Plan

Thousands of settlers are being helped to put their land into production free of a crushing debt burden through the operation of the Alberta government's farm land tenure system which was put into effect under the leadership of Premier William Aberhart. Hon. N. E. Tanner, minister of lands and mines, told Edmonton Rotary Club members at a luncheon meeting at the Macdonald hotel Thursday.

Mr. Tanner explained that under the farm tenure plan the settler is given a chance to get the farm into production without paying a cent of rent or interest for the first three years of operation, and thereafter rents are charged only on the basis of a percentage of the actual crop production. In other words, the settler depends upon the ability of the land to produce.

**MANY INQUIRIES**  
So effective and successful has the plan been that other provinces, and some parts of the United States, have inquired into its operation and made favorable comments regarding it, Mr. Tanner said.

The opinion has been widely expressed that this new system may render possible the ready permanent settlement on farms of the war of hundreds of thousands of soldiers and war workers he declared.

Explaining why the new system under the "Agriculture Lease Law" is a success, the minister pointed to the failure of the old homestead system.

### Farm System

In effect from 1922 to 1930, the old plan lacked orderly planning and supervision. The settler was given little to say in the matter of the land which he might choose, providing he lived on the homestead during fixed periods each year and carried out certain cultivation requirements. He was given title to any 160 acres of good producing district, not less than 40 acres, and he was given the right to school, health or other services for these settlers.

Hon. N. E. Tanner, provincial minister of lands and mines, who explained operation of the Alberta government's farm land tenure system at the luncheon meeting of the Edmonton Rotary Club Thursday. He said that one of the main features of the system was the removal of the debt burden which forced abandonment of land in thousands of cases under the old homestead system.

When Alberta became a province in 1905, the Dominion kept control of the natural resources but the natural resources for a large part of the province were in the hands of the federal government. It was the duty of the government at that time and of succeeding years to get the land into the hands of the people and the land which reached its peak in 1930 at a total of more than \$100,000,000.

Mr. Tanner said the debt-breaking debt burden. From the time the settler was given title to the land, he was required to pay a small amount of interest on the land.

## Difference of Opinion Exists Within Cabinet On Conscription Policy

By GRANT DEXTER  
Edmonton Bulletin Ottawa Bureau  
OTTAWA, May 7.—After three days of continuous discussion as to what shall be done with respect to overseas conscription, it is apparent that a profound difference of opinion exists within the cabinet.

The ministry, it is learned, is no nearer a decision on policy now than it was when the discussion began and the statement of policy which was expected today will not likely be made until next week.—It is even made.

**Japs Claim Army Moves Into India**  
BIRMINGHAM, from General Press, May 7.—(AP)—The Tokyo radio claimed today that Japanese forces from Burma had crossed the Indian border and were moving into India. The report was based on a statement by a Japanese official in Calcutta. This report is being confirmed in Allied quarters.

**Chicago Livestock Show Is Cancelled**  
CHICAGO, May 7.—(AP)—The International Livestock Exposition, North America's biggest show in agriculture for the past 42 years, will not be held this year because of the war, exhibition directors decided yesterday. Directors said the principal reason for postponing the 1942 show was because the war had become the principal cause of transportation facilities.

## THE WAR At A Glance

Madagascar—British expedition captures Diego Suarez naval base; British fleet to sail into the harbor today.

Mediterranean—British forces led Kufu Island south of Crete; British armoured units active in the Libyan desert.

Australia—Japanese naval movement observed north of Australia; Commonwealth alert for invasion.

Burma—Japanese advance 25 miles into China proper along the Irrawaddy; British forces continue withdrawal toward India.

Russia—Russians on Leningrad front cut road between German northern and southern wings; German claim Soviet casualties heavy.

Germany—British forces continue night Stuttgart for third successive night.

**Stowaway Taken From Lake Vessel**  
PORT ARTHUR, May 7.—(CP)—A stowaway found on the steamship Hamonic shortly after it left Salt Lake, Utah, was turned over to military authorities when the Canadian Steamship Lines passenger vessel was docked here today.

The stowaway, whose name was withheld, was said to be a soldier from an eastern camp attempting to reach the west to join his family.

**Municipalities' Annual Meeting Goes To Calgary**  
CALGARY, May 7.—(CP)—Originally scheduled for Lethbridge, the annual convention of the Union of Alberta Municipalities will be held in Calgary, May 25 and 26.

The change has been made at the request of the organizers, members of the organization who felt the trip to Lethbridge was too far unless the conditions brought about by the rationing of gas and rubber.

**Women's Branch Of Canadian Navy To Be Organized**  
OTTAWA, May 7.—(CP)—Navy Minister Macdonald told the House of Commons today that a woman's branch of the Royal Canadian Navy, "several thousand strong," would be organized shortly.

He outlined this year's naval manning program calling for an addition of 15,000 officers and men, and 10,000 for the fleet.

By the time the program is completed, he said, it is expected the navy will have a personnel of 45,000 officers and men.

**Air Graduates**  
MACKLEOD, May 7.—(CP)—William Frank Stone of Ottawa was the leading student in a class of pilots who graduated today from No. 7 Service Flying Training School here.

## British Cruiser Is Sunk

By W. R. DICKINSON  
LONDON, May 7.—(BUP)—A series of Arctic ocean battles with German destroyers, submarines and airplanes cost Great Britain the 10,000-ton cruiser Edinburgh and four merchant ships out of Allied convoys to Russia, but the Nazis had one destroyer sunk and another severely damaged, the Admiralty said today.

The Edinburgh, which Berlin had reported hit by two torpedoes, was damaged by a U-boat and taken in tow by the British protective warship screen. It was emphasized in the communiqué.

The convoy got through with vital war supplies for the Red army despite five air attacks by enemy destroyers to break through the British protective warship screen. It was emphasized in the communiqué.

The Edinburgh, which Berlin had reported hit by two torpedoes, was damaged by a U-boat and taken in tow by the British protective warship screen. It was emphasized in the communiqué.

## Churchill Announces Fleet To Enter Naval Base Sometime Today

LONDON, May 7.—(CP)—The Berlin radio today broadcast a Vichy report that British naval units which had been off Diego Suarez, chief port of Madagascar, entered the harbor at 3:30 p.m. Prime Minister Churchill had said the formal entry into the port would be made about that time.

VICHY, May 7.—(AP)—An announcement that Diego Suarez, main stronghold on French Madagascar, still was holding out at 1:30 p.m. Victory time (5:30 a.m., M.D.T.), was issued here today.

By EDWARD W. BEATTIE  
LONDON, May 7.—(BUP)—British forces, capturing Diego Suarez town and Antananarivo naval base, smashed Vichy resistance in Madagascar today and a British fleet steamed toward Diego Suarez Bay for a triumphal entry this afternoon.

The end came in a dramatic night attack by British commandos and paratroops on Antsirane, while Royal Marines made a diversional attack. One of the greatest naval bases in the world, dominating Indian ocean trade routes, thus fell after a 48-hour lightning campaign.

The French naval and military commanders surrendered and the terms of capitulation are being arranged. Resistance by small isolated pockets of Vichy troops, their backs to the sea, near Antsirane was expected to end at any moment.

**Took Three Months To Prepare Attack**  
A joint communiqué of the Admiralty and war office, and official statements by British spokesmen, announced the victory, while Prime Minister Winston Churchill jubilantly told a cheering House of Commons that the British fleet would enter Diego Suarez bay and harbor during the day.

Churchill, in the campaign, which had taken only 48 hours to win, had taken three months to prepare.

Plans were drawn up in most minute details, he revealed, and an overwhelming force of men and weapons of all the fighting services, army, navy, air force and commandos, was thrown against the Vichy garrison in order to minimize bloodshed.

"Our first assault on one French position was repulsed with losses which exceeded 1,000 men," he revealed.

**Maj-Gen. Sturges In Command**  
But the British forces under Maj-Gen. R. G. Sturges, Royal Marines, moved for their climactic attack and captured Antsirane during the night.

"The French naval and military commanders have surrendered and the town of Diego Suarez has been captured," he said.

"We trust that the French nation will in time come to regard this episode as a recognizable step in the liberation of their country, including Alsace and Lorraine, from the German yoke," he said.

Churchill paid tribute to the gallantry and discipline of the French forces and said he and his fellow Britons grieved that bloodshed had occurred between the troops of two countries whose peoples at heart were united against a common foe.

Diego Suarez town, the administrative center of northern Madagascar, fell yesterday and Antsirane, naval station, harbor area and chief town on the island, fell today. The British commandos, paratroops and marines in their climactic night attack.

The Admiralty and war office, announcing the capture of Antsirane, said the French naval and military commanders had surrendered and that only pockets of resistance remained to be reduced.

The combined land, sea and air forces of the British Empire, including the Royal Canadian Mounted Police, had taken part in the operation. The British commandos, paratroops and marines in their climactic night attack.

CORRUPTION IN ARMY

Hunger Grows Acute in Germany

Neutral Observer Reports Sharp Crack Nazi Morale: Talk Of Victory Is Gone

By FRANK O'BRIEN  
ISTANBUL, May 7.—(AP)—A neutral businessman who spent the winter in Germany trying to arrange for delivery of German locomotives and freight cars, said today that food and clothing are scarce in the Reich and that corruption is spreading in the ranks of the German army.

Red Cross Now Needs 9 Million For Vital Work

TORONTO, May 7.—(CP)—The Canadian Red Cross will launch its greatest national appeal in history Monday, May 11, when the Canadian people will be asked to subscribe \$10,000,000 to continue the humanitarian work of the organization.

The fiscal year just passed was outstanding in the Red Cross achievement for the reason that in a year when its war activities were being greatly increased, it was able to meet all calls upon it despite the fact that no general appeal for funds was made. The credit for this accomplishment rests with the various divisions and branches throughout the country, which through their untiring efforts, have largely financed their own programs and have contributed generously to the national office.

Since outbreak of war the Canadian people have given the Red Cross over \$10,000,000 to provide first aid and services to members of the armed forces prisoners of war, British air-raid victims and disaster relief emergencies.

SENT TO BRITAIN  
The Red Cross has sent to Britain nearly nine million articles of comfort and supplies for the armed forces; military hospitals and civil relief over five million surgical dressings; three million articles of relief clothing; 7,000 cases of jam, honey, butter, cigarettes and canned goods; and a variety of other supplies including 232 ambulances.

In addition, it has built, equipped and presented to the Canadian medical service a 600-bed military hospital in Britain to provide the best in hospital care for Canadian members of the armed forces, and 36 mobile kitchens, valued at \$117,000.

In Canada, the Red Cross is packing 40,000 food parcels every week for Canadian and British prisoners of war, and funds are at hand to feed Canadian prisoners of war to the far East. Blood clinics have been established throughout the nation, where nearly 3,000 donations are received every week to be used in saving the lives of Canadian troops on active service and victims of Nazi bombings in Britain.

FINANCE WORK  
The Canadian Red Cross is now raising for \$10,000,000 the funds of the Society for another year. This money is needed for: Canada, hospital, supplies, and merchandise purchases for comfort for the armed forces and civilian war victims, \$2,750,000; disaster and emergency, including assistance to Allied Red Cross Societies, \$1,000,000; blood donor clinics, \$200,000; campaign and publicity, \$200,000; and administration, \$300,000.

It is expected that the Canadian Red Cross will be called upon this year to double its output of prisoners of war food parcels at the request of the British Red Cross. Provision is made in the Red Cross budget for the financing of the work of the St. John Ambulance Association.

Quota for Alberta in the national drive is \$400,000 and for the north-east half of the province \$100,000. John D. Dover is chairman of the northern Alberta committee, assisted by Mr. H. Arling, campaign director; R. H. McCallum, campaign manager; John A. King, campaign manager for rural areas, and others.

IN "LITTLE LIBYA"

U.S. First Armored Corps Powerful Striking Force

By GLADWIN HILL  
WITH THE FIRST ARMORED CORPS IN THE SOUTHERN CALIFORNIA DESERT, May 7.—(AP)—This "Little Libya" is a vast expanse of desert which the United States army has just selected as coming closest to the wastes of North Africa, Iran, Iraq and northern Australia.

Here the first Armored Corps has set up a large camp, extending for miles, and with a variety of tanks, tank-destructors, guns and artillery vehicles, by the hundreds, is rehearsing the operations it will use in earnest on that hoped-for day soon.

Promotion

Neal Succeeds D. C. Coleman In C.P.R. Post

MONTREAL, May 7.—W. N. Neal, vice president western lines, Canadian Pacific Railway, was appointed vice president of the company and director at a meeting of the directors held Wednesday, succeeding D. C. Coleman, who has assumed the presidency.

Like many other prominent men who have come to be regarded as typical westerners, W. N. Neal actually was born in the east. This event took place at Toronto, in June 1906. A great part of his railway career has been west of the Great Lakes, however, and he is known to have adopted to a large extent the viewpoint of the west of Canada toward the problems of railroading in Canada as a whole.

Happily this attitude is rewarded by sectionalism. It applies to his record of wholehearted Canadianism. BEGAN AT 15  
Neal began his life work as a youth of 15 when he joined the service of the Canadian Pacific Railway in Toronto in 1902 as a clerk in the superintendent's office. Two years later he went to Winnipeg as an apprentice to the superintendent of transportation, later became a travelling car checker, and in 1910 was made chief clerk to the superintendent at Souris, Manitoba.

In 1910 Mr. Neal was chief clerk in the car service department of the railway in Winnipeg, and five years later was transferred to Montreal in the same capacity. A little more than a year ago he was acting superintendent of the railway in Montreal.

GENERAL SECRETARY

The Canadian Railway War Board "drafted" him in 1917 in the highly important capacity of general secretary, to assist in the coordination of rail movement of troops and supplies to the eastern seaboard, and he remained in that service until after the close of the First Great War.

Returning to the Canadian Pacific, Mr. Neal was succeeded by his son, general superintendent at Montreal, assistant general superintendent of the Ontario district, general superintendent of the Algoma district, at North Bay and assistant to the vice-president of the system at Montreal.

In November, 1927, he was made general manager of western lines, with headquarters at Winnipeg, and became vice president of western lines on September 10, 1934.

Until this time, with the exception of his war services, Mr. Neal's activities were in a strict sense, confined almost entirely to practical railway operation within his own company. With the vice presidency came the addition of a wide variety of public service, to which he applied a tremendous capacity for hard work and enthusiasm. He has occupied the positions of chairman for western Canada of the Canadian Forestry Association, president of the Navy League of Manitoba, president of the Lakeside Fresh Air Camp, president of the Winnipeg General Hospital, and has headed, or acted upon a large number of public committees in Manitoba. He is a vice president of the Canadian Club of Winnipeg.

LEADS AIRLINES

In 1940 and 1941 he accomplished much of the organizational work involved in the purchase by the Canadian Pacific of the Canadian Air Lines Limited. He is also president of the Eastern and Northern railway, a director of the North Alberta railways, and vice president of the British Columbia Coast Steamship Services, as well as holding several other company directorships.

Mr. Neal married Frances Scott of Redfern, Ont., in 1910 and has two sons, the elder, Scott, a barrister, Winnipeg, and the younger, Jack, a leading aviator in the Royal Canadian Air Force, now in pilot training at a Commonwealth school, and a daughter, Barbara, 16, of the B.C. (B.C.) R.N. of the Royal Canadian Air Medical Corps. He is a member of the McMillan Club, St. Charles Country Club, Motor Club, and the Cambridge Riding Club in Winnipeg. He is a member of the First Presbyterian Church.

Beaverbrook Again Urges Second Front

LONDON, May 7.—(CP)—Lord Beaverbrook in an interview appearing in the News Chronicle today renewed demands for opening a second front against the Axis and said he is taking the hopeful view that "in due course it will become a reality."

"A second front is of course the business of the general staff," said the publisher and former cabinet member. "They know where to strike and there is plenty of room for choice. A 2,000-mile coastline, for instance, for a seaborne invasion; half a dozen captive countries where an airborne invasion is a possibility. Note the rearmament of the parliaments in Yugoslavia."

"The American people were certainly quick to grasp the implications of the second front and the whole press responds to the appeal for help to Russia in every direction."

WIDELY CRITICIZED

When Lord Beaverbrook made a public appeal for opening of a second front in a speech in the United States recently, he was widely criticized at home.

Referring to his country home, new after returning from the United States, Lord Beaverbrook took occasion in the interview to reply to some Britons who have said that help to Russia in the East had interfered with assistance to Singapore.

"The fall of Singapore," he said, "was due to our failure six years ago to make adequate preparations to help the British in the East. Another reason was that the Japanese line of communications was 2,000 nautical miles and the British line 12,000."

Beaverbrook Again Urges Second Front

B.C. Cap Jailed Two Months For Curfew Breach

VANCOUVER, May 7.—(CP)—Declaring that "I'm getting rather tired of these cases," Magistrate Master Mendenhall yesterday sentenced Takehiko Geronetti, 28, to two months in jail for failing to observe curfew regulations in the city of Vancouver, B.C., after the curfew of the Pacific coast. "If these people won't obey the law, I will put them where they will," Magistrate Mendenhall said.

Mr. Geronetti was charged with breaching the curfew regulations of the city of Vancouver, B.C., after the curfew of the Pacific coast. "If these people won't obey the law, I will put them where they will," Magistrate Mendenhall said.

the Alberta Free Press, Limited, at the Bulletin  
Building, 9641 Jasper Avenue, Edmonton, Alberta,  
Canada.

**CHARLES E. CAMPBELL,**  
Owner and Editor  
Member of The Canadian Press: The Canadian  
Press is exclusively entitled to the use for  
publication of all news and information  
contained in this paper, and to the Associated Press in this paper, and  
also the local news published therein. All rights  
of reproduction of any kind are reserved.

### Building Speeds Up

Building activity in Edmonton is making good the promise of the earlier months of the year. Up to the end of April 532 permits had been taken out, 30 more than in the corresponding month last year. Of these 156 were permits for dwelling houses, against 132 last year. Permits taken out this year call for the expenditure of \$328,685, compared with \$291,675 a year ago. During the last four months city land sales totaled \$96,317, against \$68,471 for the first quarter of this year.

Remembering that new houses were going up in all parts of the city last summer—more than 500 were built altogether—the fact that the building industry is running about 15 per cent ahead of last year's figures speaks for itself. We may have a very busy house-building season this year, doubt. How busy may be determined by the materials and labor available. Barring limitations in one of these directions or in the other, it is quite probable that more houses will be built in Edmonton this summer than during any season since the boom days of more than thirty years ago.

### The Call For More Flax

Western farmers are being asked to sow more land to flax this spring, as a part of the war effort. Flax is a valuable crop, and its production is being increased to meet the needs of the war. Flax is used in the manufacture of explosives, and its production is being increased to meet the needs of the war. Flax is used in the manufacture of explosives, and its production is being increased to meet the needs of the war.

Even without understanding the processes of manufacture, it is plain enough that the need for the vegetable oil of explosives is unprecedented. The Government telegraph line from Qu'Appelle to Regina, for example, is being replaced by a flax oil line. The Government telegraph line from Qu'Appelle to Regina, for example, is being replaced by a flax oil line.

The Government telegraph line from Qu'Appelle to Regina, for example, is being replaced by a flax oil line.

### "Wake Island" Repeated

Short of food, without ammunition, and beyond reach of supplies, the defenders of Wake Island, the three smaller islands in the Pacific, have been told to hold out. The Japanese have been told to hold out. The Japanese have been told to hold out. The Japanese have been told to hold out. The Japanese have been told to hold out.

For the victory the Japanese have paid a heavy price in men and materials, and in time. The Japanese have paid a heavy price in men and materials, and in time. The Japanese have paid a heavy price in men and materials, and in time. The Japanese have paid a heavy price in men and materials, and in time.

### A Victory For Free France

Madagascar is nearly a thousand miles long, is comparable in size to the province of Alberta, and has a population of about 4,000,000. The French residents number 25,000, three-quarters of whom are said to be anti-Axis.

The island lies within easy striking distance of the routes which must be taken by Allied ships carrying supplies to the Red Sea, the Persian Gulf and India. The garrisons of Tokyo and Japan are dependent on the use of the island naval and air bases cannot be doubted. With Allied sea and air force based there, the routes can be protected and supplies kept moving to Egypt, Russia and India.

Aside from war uses, the island has varied and valuable resources, mineral and other, which would make it a prolific source of raw materials for Japan in after-war days. That, once there, the Japanese would have a strong foothold in the Indian Ocean, and that the Japanese would have a strong foothold in the Indian Ocean, and that the Japanese would have a strong foothold in the Indian Ocean.

whatever fairy tales may be whispered in the British press. Occupied by the British on behalf of the United Nations, the island is to be held in trust, and returned to France when France is again free. Even Laval knows that definite pledge will be kept. Frenchmen generally will understand that the occupation of Madagascar by Allied forces is a victory for France over the Axis powers, and that they are pulling it Empire to pieces wherever they can get a foot-hold.

Service men voted "yes" at the plebiscite 251,118 strong, to 80,885 "no" votes. The ratio, about four to one, is very decisive, but the "no" votes were far more numerous than had been generally expected. If they divided for and against conscription about four divisions of opinion they do not want conscription for men for comrades.

Correspondents at Ottawa predict higher national defence taxes, and higher income taxes and corporate income taxes when the budget makes its appearance. It is explained that Mr. Laidlaw will find \$700,000,000 more revenue next year somewhere, that to impose higher taxes on general business would force the price ceiling upward, which leaves no alternative but to raise the national defence tax and income tax rates. The logic is too deadly to be welcome to salaried men and others who have no way to escape their incomes.

People in Malta would like the R. A. F. to bomb Rome. They cannot, however, after what has been done to Valetta, strictly military considerations determined the Allied war policy. Rome would already have been bombed by the R. A. F. if it were not for the fact that it is within striking distance. It owes immunity largely to the location of the Vatican, which might be inadvertently damaged if the city were bombed. And largely also to the determination of civilian men to destroy historic monuments which date back to the early days of the present century. Italy, said and doubtless do, appreciate the forbearance that has spared their capital even though Italian planes were reported as making raids upon England.

### Looking Backward

From The Bulletin Files

#### 1892—50 Years Ago

Edmonton is the centre of the finest grain growing, stock raising and dairying district in Canada. It is the only gateway to the Peace, Athabasca and Mackenzie River regions, covering nearly one-fourth of the area of Canada. As the development of the Northwest continues to grow, the importance of the development of this great region must continue to grow. The Government telegraph line from Qu'Appelle to Regina, for example, is being replaced by a flax oil line. The Government telegraph line from Qu'Appelle to Regina, for example, is being replaced by a flax oil line.

#### 1902—40 Years Ago

D. Maloney has entered the field as a candidate for St. Albert in the Territorial elections. Lawrence Adamson, formerly of St. Paul, has joined the fourth contingent at Ottawa.

D. Brox of Stony Plain has decided to stand for the nomination of the Edmonton district in the Territorial election.

J. J. Young of the Calgary Herald will run for Calgary in the Territorial election.

#### 1912—30 Years Ago

Hon. A. G. MacKay, until recently leader of the Liberal party in Ontario, has decided to make his home in Edmonton, and will open up a law practice here.

Halifax: Funeral services of the unidentified dead from the Titanic were held yesterday. The ship's body was brought up to 100 miles from the coast.

Fred W. Field, editor of the Monetary Times, is to be offered the position of industrial agent for the C.N.R. line from Edmonton to Kamourang, and will probably find the job in a week.

#### 1922—20 Years Ago

For the first time in the history of Canada, and so far as known in the history of the world, a system of government grading of cream will be instituted in Alberta.

Vancouver: Disaffected with Mexico, to which country thousands of Canadian Menomenees, recently migrated, the Mexicans propose to return to British Columbia.

Yorston: The jury returned a verdict of guilty against Peter Vergin, charged with perjury.

Shanghai: Hostilities which began here last January have been suspended by the armistice.

Dublin: The Daily approved the section of the new constitution of the Free State which makes the oath of allegiance.

Believes: Mounted Police had to use their batons in a clash with protesters who refused to allow miners to return to work.

Today's Text

If the wicked shall turn from all his sins that he hath committed, and keep all my statutes, and do that which is lawful and right, he shall surely live: he shall not die.

## British People Accept Privations And Ask For More

**Express Gives a Concise Picture Conditions in Britain**  
By H. L. McNALLY IN THE LONDON EXPRESS  
Everyone in Great Britain, his person, money and property are at the disposal of the Government. Anyone may be ordered to do anything, and they can be punished for inefficient farming. The Government can control banks and limit amounts which may be used by private or business customers. Private property and land can be requisitioned for any purpose, and no property, if necessary, destroyed. Workers in essential industries must not be asked not to work, they must work. Women between 20 and 31 may not obtain of change employment except through labour exchange.

Strikes and lock-outs can be forbidden by the Government. Large parts of the country have been accepted on a large scale by the trade unions. Prisoners and convicts can be released if required by the Government. Slackers and absentees are liable to fines and prison. Specialist classes of workers, such as engineers and scientists, are being mobilized for industrial mobilization under penalty of 100. Inefficient war workers are being managed and turned out of such zones.

The outbreak of the war all gold bullion and specie was called up and foreign exchange mobilized. Export of money is forbidden. Large parts of the country have been accepted on a large scale by the trade unions. Prisoners and convicts can be released if required by the Government. Slackers and absentees are liable to fines and prison. Specialist classes of workers, such as engineers and scientists, are being mobilized for industrial mobilization under penalty of 100. Inefficient war workers are being managed and turned out of such zones.

Food are restricted. Anyone with 50 or more hens must sell his eggs to the Food Ministry. Large parts of the country have been accepted on a large scale by the trade unions. Prisoners and convicts can be released if required by the Government. Slackers and absentees are liable to fines and prison. Specialist classes of workers, such as engineers and scientists, are being mobilized for industrial mobilization under penalty of 100. Inefficient war workers are being managed and turned out of such zones.

Travel is greatly restricted. Trains services to be cut down to make room for troops and munition transport.

Sleeping cars are available only to people travelling on business of national importance, and to necessary officials. Cheap tickets other than for the purpose of the war and short distance cheap day returns are being abolished.

Defence areas where no one may be employed except those who are some prohibited zones where no civilian is permitted for any reason, with the exception of those who are some prohibited zones where no civilian is permitted for any reason.

Private motor cars, but the abolition of the basic petrol rationing will be allowed. Private motor cars, but the abolition of the basic petrol rationing will be allowed. Private motor cars, but the abolition of the basic petrol rationing will be allowed.

Private hire cars may not be used for long journeys except on business. Private hire cars may not be used for long journeys except on business. Private hire cars may not be used for long journeys except on business.

Gamblers  
TORONTO TELEGRAM  
That special legislation should be passed to prohibit the peddling of dice and gambling devices is rather surprising. The enactment of such legislation, however, puts on the statute the Legislature's determination to end the gambling and lawlessness which has flourished in the past.

By rigid enforcement of the new Act, the Attorney General has made it impossible for anyone to operate a gambling establishment. By rigid enforcement of the new Act, the Attorney General has made it impossible for anyone to operate a gambling establishment.

# Alberta District News In Brief

## "V" For Vicary for Victory

Three Members Of Family Join Up

## New War Slogan At Chip Lake

**NORTHVILLE**—There's a bit of the amendment to the "V" for Victory slogan in the Chip Lake district. It has been altered to read, "V" for Vicary for Victory, for there are three Vicaries from Chip Lake P.O. serving with the active forces as volunteers—most of them a girl.

She is Veronica Vicary, who recently joined the women's division of the Royal Canadian Air Force, and is the first girl from the district to join one of the auxiliary services. She stands for two "V's for Victory" herself.

Her brother, Bliss Vicary, a veteran of the First Great War, joined up at the outbreak of war, and went overseas in 1918 with the 1st Battalion of the Edmonton Regiment.

### BAD NEWS FOR HITLER

More bad news for Herr Hitler has been contained in the item that Verdel Sherman has also joined up for overseas service.

As one district resident put it: "Since Hitler claims to be a student of military history he may recall that the American general Sherman was the first to really define war in words of one syllable: 'War'—'War'! This Sherman will help prove it to the Butcher of Berlin."

### With Those In Uniform

**GLENDALE**—Recruits signed up by R. M. Sherk, district recruiting officer here, include C. H. Turton, Columbus, Harry Glenie, Flat Lake, and Ole Sore, Margaret, V.

**HANNA**—AWA Marching Unit, R.C.A.F. (Women's Division) recently visited her parents and friends here. She left later for her training camp at Yorkton, Sask., V.

**OTZAWA**, May 7.—(CP)—"Greetings from the Beaver Club" broadcast Sunday (CBC 10:30 a.m. 11 a.m. M.D.T.) include: Abigail—Pie, Charles Lee and Sgt. Rukin, Rye, Edmonton.

## CALL EVERY PAY DAY

Against an arsenal of hate and greed only the remaining countries continue to fight for freedom, and Canada is one of them. To cope with the tremendous forces of terrorism, we can help by buying more and more War Savings Certificates. Every man, woman and child in this free country must pledge every available penny. Scourge plucky luxuries today for the brighter, freer world of tomorrow.

Subscribe regularly every pay day for more War Savings Certificates at any office of The Bank of Toronto.

## Farmer Hurt In Fall From Wagon

TWO HILLS—Dmitri Gorenuk, farmer from the Luzan district, was seriously injured recently when the team he was driving became frightened at a passing car and bolted, throwing him from the wagon.

In falling to the ground Gorenuk was hurt badly when he fell on his head and leg. Two Hills High School football team played three games with the All-Stars and the Junior Boys teams winning their games and the girls team losing to Myram. Referees were N. Myhill, N. Poshkay and Mr. Tereso.

Officials of the staff which will edit the Septennial school year book are editor, D. H. Gorenuk, Victoria, Verena, Rose Laciak, Anne Kwakuk and Marie Kucuk and triplet, D. Hohl, Principal, J. W. Ruchuk is supervisor.

Parades will be held twice a month in company with the V.E.W.'s and each Saturday the boys will be instructed by J. M. Gilroy, veteran of the First Great War.

### Gleaned From Rural News

**GLENDALE**—Officers elected by the Glendon Baseball Club were manager, A. D. Munro, captain, Alexander, G. and secretary, L. H. Leach. Miss Xenia, Harbenko of Victoria, and Nelson, Fleming, the first while children born in the Lacombe district. The club was cut by Hiram Scoula as chairman, A. Schmidt; secretary-treasurer, C. Goss and Nelson, Fleming, who were held in the local railway depot in 1942.

**HANNA**—Mr. and Mrs. James Aronson announce the marriage of their youngest daughter, Gayle Jane, to Arthur Armour of Calgary, Rev. Bainbridge officiated at the ceremony which took place in the church in Calgary. The house ball team took an 8 to 4 beating from the Scottsford team in Scotland this week in the opening game of this year's baseball series.

### Mrs. Williamson Dies At Wildwood

**WILDWOOD**—Resident of Wildwood since 1917, Mrs. Jennie Williamson, died here recently. Funerals were held in the Holiness Movement church. Born in England, Mrs. Williamson, who was the wife of a minister, came to Canada in 1897. She was conducted by Deaconess Blumberg and was married to Mrs. D. T. Schultz, Pailoway, near St. George, by Rev. G. B. Gutz, Maurice Nelson, Peter Norbeck and C. C. Dawson. Funeral arrangements were in charge of Howard and McBride, Edmonton.

### Trainsmen Stage 3-Day Carnival

**GRANDE PRAIRIE**—One of the most popular events ever held here was the recent three-day carnival sponsored by the trainsmen. The training centre in the drill hall. Proceeds are being used to buy equipment for the trainsmen. Entertainment included boxing, boxing and games of

### Open Doors For Wireless Gunners

A life above the clouds as a wireless air gunner with the R.C.A.F. is now possible for all young Canadians with daring and determination. Actually, young men enlisted as wireless operator air gunners are primarily wireless operators. In such a capacity they learn more in a short time of the great modern art of wireless communication than in any other branch of the service. The gunnery is actually a secondary matter. Every man on a plane must know how to defend the ship if attacked, so the wireless operator is a light gunner for this purpose.

But a keen desire to fly is a greater incentive than scholastic standing and young men between the ages of 18 and 32 should not hesitate to apply at No. 3 recruiting office of the R.C.A.F. Provincial Bldg. and express enlistment with air force officers.

### Great War Veteran, John L. Dixon Dies

Resident of Edmonton since 1906, John L. Dixon, of 1181 9th street, died in the city Tuesday. He was born in Ontario, and worked in the public works department at the Edmonton post office for many years. Mr. Dixon was a veteran of the Great War of 1914-18, serving four years overseas.

### Two Ships Sunk

**WASHINGTON**, May 7.—(AP)—The United States Navy announced yesterday that two more merchant vessels had been torpedoed off the Atlantic coast, one a small United States merchant vessel and the other a medium size British merchant ship. Survivors from both have been landed at east coast ports.

## First Carload of Salvage Rubber Sent From City

First carload of scrap rubber collected by the Edmonton salvage committee this month was shipped east Tuesday night. It was announced at the regular meeting of the Edmonton Junior Chamber of Commerce Salvage Committee and the women's auxiliary Wednesday night.

The carload consisted chiefly of rubber tires that have been collected from the city streets and sub-depots and by pupils of some of the city schools.

The committee is devoting the month of May mainly to the collection of scrap rubber and city-wide canvassing for this precious war essential is now completing the organizational stage.

### SPREAD CIRCULARS

Regular from the salvage committee to every service station and tire depot in Edmonton is being circulated. This circular is a follow-up of a letter that each station operator receives from E. M. Proctor, director of the scrap rubber division of the department of munitions and

# Yankees Back In First Place; Beat Cleveland 3-0

## Third Shutout For Ernie Bonham

NEW YORK, May 7.—(AP)—New York Yankees required only an hour and 24 minutes Wednesday to take the American League lead away from Cleveland Indians as big Ernie Bonham pitched his way to a five-hit 3-0 triumph.

It was the fourth straight victory and third shutout for the powerful right hander and it was the fourth consecutive setback for the Indians in the backwash of their recent 13-game winning streak.

Boggy, who allowed six hits in seven innings, set the Yanks down in order for the first two frames, but Bill Dickey, who had opened the "third" with a line single that bounced just inside the right field foul line, and Earl Combs, who came off Orin Hockett's leg, the first but still active Yankee veteran ran around all the way to third and Hockett was charged with a two-base error.

Rizzuto hit for Ernie Bonham, fourth struck Dickey with an unearned run.

Then in the fourth after two were out, Charley Keller, Joe Gordon and Dickey collected successive singles for another marker. In the eighth, Jeff Smith, who came on duty when Boggy was removed for a pinch hitter, was tapped for the final tally on a single by Crounse, a sacrifice by Buddy Hassett and a single by Tom Houtch.

Bonham batted in the Indians get a look at the bases and never let one get beyond second. The five singles he allowed were scored into as many innings and altogether the trio got only a dozen balls out of the infield.

New York . . . 000 000 3-0 2 1  
Boggy, Smith and Dickey, Gordon, Keller, Bonham and Dickey.

**DOERR'S BAT TOO BIG FOR LYONS**

BOSTON, May 7.—(AP)—Lyons, pitching performance by another Ted Lyons, collected two of the four home runs of the Boston Red Sox against the Yankees in a 5-2 decision over the Yankees.

Lyons, who pitched for the Red Sox with two hits for 7.3 innings, did not let the ball off until he had pitched the eighth and Bonham parried it down the left field line. The ball hit the ground and Lyons took one pitch and then walked the first batter, who was the first to reach first base.

ARMY CALLS FOUR TORONTO LEAFS

## National Hockey Leaguers Receive Notice To Report

TORONTO, May 7.—(CP)—Walter Stanwick, Pete Langelle and Johnny McCredy of Toronto Maple Leafs of the National Hockey League and Roy Conacher of the Boston Bruins have been instructed to report to the registrar of their military districts immediately for medical examination preparatory to basic training assignments, the Globe and Mail said today in a sports page story.

Likelihood is that Don Metz, pinch-hitter star of the Leafs in the recent Stanley cup series against Detroit Red Wings, has either received his call signal at his home, or will get it shortly, the Globe and Mail added.

The Globe and Mail said Langelle and Stanwick received their call today morning as they prepared to leave for their Winnipeg home, where they were to report to the military authorities for medical examination and assignments. Last fall they had transferred from the Winnipeg Blue Bombers to the Toronto Maple Leafs.

McCredy will report to Toronto military headquarters, the paper said, while Conacher, who has been with the Queen's Own Rifles of Canada for the last two years, received notice yesterday to report to his military district.

McCredy hopes to join the army in the fall.

WINNIPEG, May 7.—(CP)—Johnny McCredy, Toronto Maple Leafs right winger of Toronto Maple Leafs, hopes to enlist in the Royal Canadian Air Force on his return to Toronto from a honeymoon in the United States, his sister, Mrs. O. Hansen said here last night.

Johnny, a prolific runner, great skater and stick-handler, was one of the top performers, being rated as the outstanding athlete amongst the entry team.

June Casagrove of Saskatchewan is expected to quit a wide wake in the competitions for the girls. June holds the Dominion record for 100 yards and is also prominent in the 50 and 100 yards, high jump, running broad, distance, football throw and shuttle relay 110 yards each.

Listed for the boys are the 12 lb. shot, 100, 220, 440 and 880 yards along with running broad, distance, relay, high jump and punt relay 440 yards each.

Mr. Hansen said that the boys will be in the city for a week before they leave for their military districts.

When he returns to Toronto I think he will try to enlist in the air force, his sister said.

Says Easier To Land From 15 Feet

WILLOW PARK, May 7.—(CP)—Whether it's a parachute, flying hoarse or some other fowl, the boys who play the game will be able to come out of the air at the rate of 15 feet per second.

All four tracks in British Columbia will hold race meetings on an unannounced by V. D. Greig, secretary of the Vancouver Thoroughbred Association, said Wednesday.

The season will open June 27 at Lonsdale Park on Sea Island and run through to Sept. 28, last day of the meet at Victoria's Wilbur Park.

Dates of the meet: Lonsdale Park, first meeting June 27 to July 4; second meeting, Aug. 10 to Aug. 15.

Brigantine Park, first meeting July 11 to July 18, second meeting, Aug. 23 to Aug. 29.

Reisling Park, first meeting, July 25 to Aug. 1, second meeting, Aug. 15 to Aug. 21.

Reisling Park, first meeting, July 25 to Aug. 1, second meeting, Aug. 15 to Aug. 21.

Reisling Park, first meeting, July 25 to Aug. 1, second meeting, Aug. 15 to Aug. 21.

## Legitimate Squawks, Okay

## Ford Frick Would Clamp Down On Loquacious Pilots

NEW YORK, May 7.—(AP)—Of Ford Frick has his way his rule that National League managers must not leave the bench to protest ball and strike decisions will remain a rule, even if the pilots are chased so often they pull a tendon.

"I expect," Frick says, "that every manager will be viewed at least twice before he learns the rule means business."

It is, in fact, the pilots in the dullest class in that they have to sit on a throne twice to see if it really works. And inasmuch as the pilots are chased so often they pull a tendon.

Frick is unperturbed by criticism that even the pilots at St. Louis last Sunday when both Bill Southworth of the Cards and Leo Durocher of the Dodgers were punished for protesting.

"It's a good rule," he insists. "The managers never have won one of those kind of arguments. They're just putting on an act. They're protesting ball and strike decisions for years without success, maybe that's where they belong."

Durocher's safe trick of talking around the corner didn't work last Sunday. The Dodgers pulled up with the idea that by striking to protest the rule, they would get remarks to his catcher or pitcher he could get around the rule.

Typical Frick says, however, didn't need a diagram to know that Leo was talking in curves and that the remarks ostensibly aimed at other ears had a sharp hook which brought them right to him. The spirit of the rule was being violated, he decided.

Enlistments In Alberta During April Were 868

CALGARY, May 7.—(CP)—April was one of the best months of the year for recruitment in Alberta, according to figures released yesterday by Canadian (Active) Army recruiting officials.

During the month 868 men were enlisted from 1,438 applications. The 30 per cent were medically unfit.

Swifter Dies

LONDON, May 7.—(CP)—Harold H. Hilton, 73, one-time United States amateur golf champion and an outstanding figure in British golfing history, died Tuesday at Westcott, Gloucestershire, he was 73.

Hilton was editor of "Golf Illustrated."

Switches To Port

CINCINNATI, May 7.—(AP)—Ival Good, 19-year-old nephew of Raymond Starek, pulled a fast one when he found he was too young to play for a commission in the army.

## RANGERS PROVIDE VALUABLE DEFENCE

## Sizzling Reception Awaits Japs On Vancouver Island

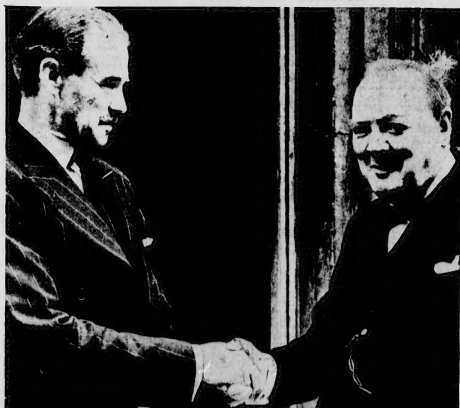

Swearing loggers into the Rangers is Jack Braten's job, left. He's a logging camp owner, and seen next to Game Warden Rex Hayes, left in first row, with Alex Duncan. Behind them, from left: Neil McKay, Charles Johnston, George Huish and Sam Smith. Hayes inspected their rifles, remarked that some of his Rangers were men he had once arrested for violating game laws. "Bygones are bygones," he laughed. Invasion would mean that logging roads like this, right, many of them constructed in almost unbelievable places, would be of the utmost strategic value. The Rangers are informing the active army of all such roads on Vancouver Island. Said Brig. Ross: "This won't be like Malaya, with traitors leading the Japs by the hand. This time the British will be led against the Japs, through all the paths, secret routes and short-cuts."

## Magnificent York Is Raid Target

One of England's most storied cities, the cathedral city of York was attacked by two German bombers April 28. There were some casualties, and considerable damage was done. It is reported that the Germans are deliberately bombing the centres of British tradition in an effort to wipe out monuments of the culture of centuries. Bath, Norwich and York, all outstanding in the pages of British history, have been attacked on successive nights. Left, above, is the memorial raised to men from York who gave their lives in the last war. Right, is the magnificent Gothic York Minister, largest of the mediaeval English cathedrals.

## Churchill Greets New Minister

Appointed minister of state in the Middle East by the British government, R. G. Casey, former Australian minister to Washington, is greeted in London by Prime Minister Churchill. Appointment of Mr. Casey drew objections from the Australian government but was finally confirmed.

## Spring Sunshine

Elisabeth Fraser is a refutation—young, blonde, pretty, charming and talented—but a refutation nevertheless—of all the dire warnings about the difficulties of starting a career on the stage or in the movies. Nothing could have been simpler than the way in which she began her career. Only two weeks after her graduation from Washington Irving High in New York City she walked right into a job in a play that proved to be one of the hits of Broadway. The play was Robert Sherwood's "There Shall Be No Night" which starred Lynn Fontanne and Alfred Lunt. After appearing in the play for a year the Warner contract came, her first part being the juvenile lead in Warners' "One Foot in Heaven." Elisabeth was born in Brooklyn, N.Y., on January 8th, 1920. She has ash-blond hair, blue eyes, is 5 feet 5½ inches tall and weighs 114 pounds. She'll be seen next in picturization of "The Constant Nymph."

## Name: Roosevelt; Age: 60

Franklin D. Roosevelt is just another 60-year-old citizen when it comes to the nation's survey of non-combatant man-power between the ages of 45 and 65. So here the President fills out his questionnaire in the White House, as Chairman James D. Hayes of Washington Draft Board 9 looks on.

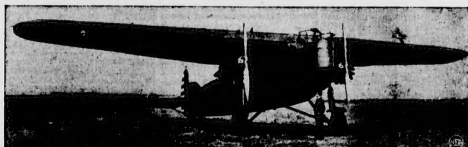

The five pretty students, above, of Agnes Scott College, Decatur, Ga., are all daughters of U.S. Army generals. Left to right: Frances Broucher, Polly Frink, Julia Ann Patch, Betty Broucher and Barbara Frink. Brig. Gen. W. E. Broucher was captured on Bataan, Maj. Gen. A. M. Patch took over New Caledonia in the Pacific and Brig. Gen. J. L. Frink is in Washington.

## U.S. Big Bombers--And How They Grew

Glenn Martin bomber, first all-American twin-engined plane, designed for World War high bombing.

Atlantic LB-2, high-winged monoplane powered by two Pratt-Whitney "hornet" engines, used 1926-31.

Keystone B-3A, a return to biplane design, with 110-m.p.h. speed, 750-mile range, and crew of five.

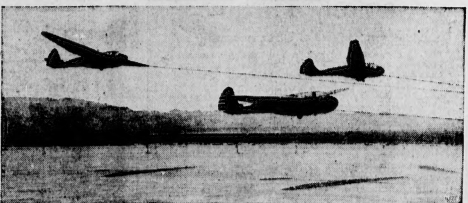

Boeing Y1B-9, featured streamlining in 1933, with greater speed, capacity and ceiling.

B-24 of today, highly hush-hush giant, capable of more than 300 m.p.h., carrying four tons of bombs.

## Motorless Warbirds

Trio of U.S. Army gliders sweeps gracefully into the air at training centre in California where U.S. is practicing the lesson of Crete. Single plane tows up to three gliders by using different rope lengths and releases them for soaring at 3,000 feet. These are attack winged.

## Allies Must Expect More Jap Surprises

TORONTO, May 7.—(CP)—The United Nations should be prepared for future surprises from the Japanese in the Far East said James A. Duff, believed to be the only Canadian to escape from Hong Kong, in an interview here today.

"Pearl Harbor is certainly not the last," said Mr. Duff, who escaped from Hong Kong Jan. 11, 1942, and is now in Washington and Ottawa are fully aware of the menace of the situation in the Far East, and are prepared to meet it.

Canadian troops in Hong Kong "fought magnificently against tremendous odds and the end was a foregone conclusion," said Mr. Duff. "They upheld the best traditions of the Canadian army."

**BORN IN CHINA**

Born in China, the son of Mr. and Mrs. J. L. Duff, missionaries who still live in Kuling, Mr. Duff was educated in Hamilton, Ont., and lived most of his life in the Orient.

In Hong Kong, he managed the automotive business of a large American company, which also controlled a bank in the Empire of China.

Anticipating a Japanese attack, he had sent his wife and four children back to the United States a year ago last November. When Japan struck in December, 1941, 600 Chinese poured into Hong Kong, which has a normal population of 48,000.

"The British authorities urged them to leave, but couldn't bring any pressure on them because of a treaty with the Chinese which permitted them to enter Hong Kong without hindrance," said Mr. Duff. "As many as 200 Chinese slept in a house where six Canadians would live. Police counted 10,000 street strollers in downtown Hong Kong one night."

**OUTWITTED JAPANESE**

After Hong Kong fell on Christmas day, Mr. Duff went into hiding with Chinese friends and escaped internment with other civilians.

"On Jan. 11, dressed in an American, with my hair and face darkened, I left Hong Kong with two Chinese friends," he said. "I found a Japanese Red Cross ambulance which I saw. I also carried a box full of medicines."

He said he had been stopped many times by Japanese soldiers before reaching what he described as a "small fishing village near Hong Kong." Each time he had satisfied the Japanese as to his intentions.

"I set out for China in a junk with Chinese fishermen," he continued. "We were stopped by air forces who robbed us and put us ashore. I returned to the village with the others and after waiting seven days, we started out again with our provisions. The guards were hi-jacked by guerrillas."

## Outstanding Actress Coming Here

Anna Neagle, beautiful and talented English actress who will appear in Edmonton some time this summer, in support of the Canadian Air Cadet League. According to word received in the city, plans are now being formulated for a series of entertainments across the Dominion from Montreal to Vancouver, the first setting out from Ottawa on May 24. Anna Neagle will be in the first group, probably making an appearance in "Still Life," of Noel Coward's "Tonight At 8:30," and there also will be a 30-minute play by Monckton Hoffe. Herbert Wilcox is at present in Hollywood lining out other players to make the tour, which will include Ottawa, Montreal, Toronto, Winnipeg, Regina, Calgary, Edmonton, Moose Jaw, Vancouver and Victoria.

who took me into China. Guerrilla bands took me from village to village until I reached Chungking."

**17,000-MILE AIR TRIP**

From Chungking, he flew to Calcutta, from there to Karachi and on to Cairo. He flew from Cairo to the African coast across the ocean to South America. His total air mileage from Chungking to New York was 17,244 miles. He said Mr. Duff has been in Ottawa and Washington making reports to officials in both capitals, but had no plans for the future were "indefinite."

**Grant McConachie Is Returning East**

Following a short inspection trip of the company's Yukon division facilities, Grant McConachie, general manager of C. P. Airline Ltd. western division, returned to Edmonton Wednesday evening. He left immediately after his head office in Winnipeg.

Mr. McConachie, accompanied by Barney Phillips, assistant to the general superintendent, western division, made stops at Grande Prairie, Nelson, Watson Lake and Whitehorse. The trip was made in a special plane piloted by Ted Fiedel.

## Board Official Urges Farmers Save Machines

Western Canadian farmers can make a substantial contribution to the nation's war effort by conserving to the limit their farm machinery, Herbert H. Bloom, Wartime Price and Trade Board Administrator for Farm and Road Machinery and Municipal Services, told members of the Alberta Wholesale Implement Association, at a luncheon meeting at the Macdonald Hotel.

He urged representatives of the association to encourage farmers to repair and retain their present machines and to assist in the national appeal that is being made by the Patriotic Salvage organization for scrap which is an urgently needed for the war effort.

Mr. Bloom outlined the problems which were being experienced by manufacturers in completing the production of machines allowed under the quota for 1942 due to the shortage of steel and other critical materials, and the great need for these materials for the war effort in the production of implements of war.

**STATES POSITION**

He said that "while agriculture is called on to play an important part in the war effort in the production of food for the home front and fighting forces, and it is recognized that modern and mechanized equipment is an important factor in increasing production and offsetting labor loss, the manufacture of farm implements for 1943 would require to be further substantially reduced, and the limited quantities of materials allotted to the most essential types and sizes of machines to the most essential types of machines."

Mr. Bloom stressed that only the most essential types of farm implements were to be available in future, and said that it was most desirable for the implement dealer not to sell, or the farmer not to buy, implements which he would not be able to make use of.

He said that "the farmer who is not able to make use of his implements will be a burden on the nation's resources, and it is the duty of the farmer to conserve his implements to the limit."

**RESERVE UNAVAILABLE**

He pointed out also that the reserve stocks of parts were not available as has been the case in peace time, and that farmers who wait until the last minute may experience bitter disappointment.

J. M. Armstrong, technical adviser to the Agricultural Supplies Board, Ottawa, who is accompanying Mr. Bloom, outlined the interlocking of the board in the agricultural production program and the steps that are being taken to implement that program in cooperation with provincial departments of agriculture, and that the federal government, through the farm machinery administrator, is determining most essential farm equipment requirements.
